ACKNOWLEDGMENT OF INFORMED CONSENT
Colorado Center for Astrodynamic Research
ITAR restricted Computer Systems access

I _________________________ acknowledge that I have completed the following requirements to obtain access to one or more of the CCAR managed ITAR restricted computer systems.

1) Citizenship Verification via the University of Colorado Boulder Human Resources Office or the Department of Aerospace Engineering Sciences Office Manager, Assistant to the Chair.

2) Completion of the University of Colorado Boulder basic ITAR training course.

Furthermore, I acknowledge and understand that any Technical Data and/or Software stored on these systems that relates to defense articles on the U.S. Munitions List are subject to control under United States law (the International Traffic in Arms Regulations (the “ITAR’’)).

I hereby certify that I will not disclose or further disclose, export, or transfer such controlled Technical Data or Software in any manner not authorized under the ITAR, except with the prior written approval of the U.S. Department of State.

I further certify that I have never acted for, represented, or provided information to and do not currently act for, represent, or provide information to any country or person acting on its behalf that is subject to ITAR §126.1, including but not limited to Iran, Syria, North Korea, Sudan, China, Burma, Cuba, or Libya, or any entity that is owned or controlled by such country. Furthermore, I certify that I understand and will comply with the notification requirements of ITAR §126.1(e) of the ITAR or any other law.

I make this certification voluntarily and understand and agree that it may be provided to the government of the United Kingdom and the United States, which have an interest in ensuring that controlled defense articles, technical data, and software are not provided or transferred to persons without authority.
